	100.00	

The soldiers' graves were decorated by W. E. Huntress, bugler.

Memorial exercises were held in Grange Hall, instead of the Library lawn on account of rain.

The school children delivered a very fine program showing their interest in Memorial Day. It is a pleasure to watch their fine training by their teachers.

Leon M. Huntress made one of his fine addresses.

Center Harbor Band gave selections to close the afternoon program.

Respectfully submitted,

REPORT OF SUPERINTENDENT OF SCHOOLS

EDUCATIONAL POLICY

We hear and read a great deal these days about democracy. The experience of European countries who have tried democracy and failed proves to us that democracy is not just a form of government with a written constitution. It is a way of thinking and believing on the part of people. This understanding and faith, vital to our country's existence, can be fostered in our public schools. One of the purposes of education is to develop a loyalty to the American way of life.

Travelers in Germany and Italy from this country find the youth of those nations full of enthusiasm for their leaders and are disappointed at the thought that there is no such enthusiasm for their country on the part of children in the United States. We tend to take our heritage of freedom as a matter of course, and are likely to lose the realization that it is a precious and costly thing. One educator has said, "To make democracy work we must make a religion out of it."

Experience has shown that it is not enough to talk about good citizenship and to understand the workings of our town meetings, national elections, and the duties of various officers. Our young people must learn to be citizens by practicing good citizenship. The school that can permit boys and girls to exercise self-control, to make their own decisions, to learn to work with others and not to shirk responsibility, is doing its part to make America a better country to live in.

RECENT CHANGES IN SCHOOL LAWS

At the last session of the General Court two important changes in the state educational laws were made. One of these dealt with the education of handicapped children and the other with regulations affecting school transportation.

Heretofore pupils who were handicapped through lameness, deafness, blindness, or other physical defect have been excused from school attendance on that account. Any education which they received has been provided for them at their parents' expense. The new law requires that such children have either transportation to school (no matter how near they may live to the school building) or, if they are unable to attend school, instruction must be provided for them at home at the expense of the district. This requirement does not apply in cases of temporary handicaps such as a broken leg or illness but only to those whose handicap is permanent.

The other new law has given to the State Motor Vehicle Department the authority to make and enforce regulations regarding school buses. Regulations for this school year (until July 1, 1940) have recently been issued. It is expected that these regulations will be changed from year to year in order to provide greater safety and comfort for children who are carried to school.

THE SCHOOL NURSE

Miss Eva Nelson who has serve us as school nurse for the past two years was unable to return to her dut-

ies in September because of illness. Her work has been taken over by Miss Ruth Allen. Miss Allen comes to us from Dover and has several years of experience in this work.

ACKNOWLEDGMENTS

The school board, teachers, parents, pupils, and others have been very cooperative in helping to make our school year a success. The Red Cross and Grange have been especially helpful. The pupils in school have worked hard to earn money for such items as a radio and hot lunch equipment. Such cooperation, so characteristic of New England communities, deserves our appreciation.

Respectfully submitted,

ALMON W. BUSHNELL, Superintendent

REPORT OF SCHOOL NURSE

This report is a summary of the work done by the school nurse from September 5, 1939 to January 1, 1940.

Pupils inspected	86
Visits to schools	17

Dr. Frank Lovering examined eighteen pupils in the Center Harbor Primary and Grammar schools. These eighteen pupils are children from the town of Moultonboro, attending these two schools. Notices of all defects found on examination have been sent to all the parents.

One pupil was taken to the chest clinic at Laconia, and later had x-ray films taken at the Laconia Hospital.

Food for lunches in the schools is being obtained from Surplus Commodities. This is a splendid contribution to better well-balanced meals in school.

The cooperation of the superintendent, members of the school board, teachers and parents of the community has been very much appreciated.

Respectfully submitted,

RUTH E. ALLEN, R. N.
